

## A TRUE WALL WASH WITH NO COMPROMISE

The Moon Puck offers a smooth wall wash effect with proper optics to alter the angular distribution of the beam spread. This 90 CRI fixture is perfect for a low profile recessed or surface mount application, including undercabinet areas such as in a kitchen, millwork applications like a bookshelf to illuminate items on the shelf or in walls as step lights. Link multiple fixtures together for a faster installation. Plus, a Liteline OnCloud Driver Kit is available for smart lighting controls.
