Description

The ATTRACKT ECLIPSE is a striking LED fixture for the ATTRACKT low-voltage track light system, distinguished by its bold circular form and softly diffused illumination. Inspired by the subtle glow of an eclipse, the fixture delivers smooth, even light that enhances the surrounding space while minimizing glare. Its refined design combines visual impact with practical performance, offering tool-free installation and easy repositioning along the track. The ECLIPSE is well suited for architectural, ambient, and decorative lighting applications in residential, hospitality, retail, and light commercial environments.

Features

Body

Constructed of aluminum, the body features an aesthetically pleasing smooth disc shape providing indirect lighting.

Beam Spread

The fixture features a 115° beam spread.

Dimming

The track fixture is 100%-10% dimmable when used with compatible dimmable driver. See ATTRACKT System spec sheet for compatible dimmers.

LED Characteristics

High powered chip maintains a uniform intensity with a typical luminous flux up to 680 lumens and a typical CRI of 90. Available in 2700 K, 3000 K and 3500 K correlated color temperature.

Mounting

This LED fixture is a track insert designed for simplicity and convenience, featuring secure magnetic locking technology that enhances usability and offers significant savings on installation and maintenance.

Compatibility

Compatible with ATTRACKT low-voltage track lighting system.

Color Temp.	Lumens	Lm/W
2700 K	593	74
3000 K	645	82
3500 K	677	84

SPECIFICATION

Approved Location	Dry / Indoor
Application	Track
Beam Spread	115°
Certification	cETLus
Color Temp.	2700 K / 3000 K / 3500 K
CRI	90
Dimmable	Yes
Lumens	Up to 680
Lumens per Watt	Up to 82
Voltage	24V DC
Wattage	8 Watt
