Description

The ATTRACKT SNAP is a revolutionary LED fixture for low-voltage track lighting system that combines sleek design with high usability. This adjustable spot with magnetic base allows you to showcase any object or display. It also offers a selection of optional snoots that provides extra control over the light beam. It features tool-free installation, repositioning and adjustment of the accessories. This fixture is designed for architectural, task, and accent applications for residential and light commercial spaces.

Features

Body

Constructed of aluminum, this body features an aesthetically pleasing smooth cylindrical shape. The body is highly adjustable as it is magnetically attached to a steel ball joint.

Mounting

This LED fixture is a track insert designed for simplicity and convenience, featuring secure magnetic locking technology that enhances usability and offers significant savings on installation and maintenance.

Beam Spread

The fixture features a TIR lens with available in 15°, 24° or 36° beam spread.

Compatibility

Compatible with ATTRACKT low-voltage track lighting system.

Dimming

The track fixture is 100%-10% dimmable when used with compatible dimmable driver. See ATTRACKT System spec sheet for compatible dimmers.

LED Characteristics

High powered chip maintains a uniform intensity with a typical luminous flux up to 720 lumens and a typical CRI of 90. Available in 2700 K, 3000 K and 3500 K correlated color temperature.

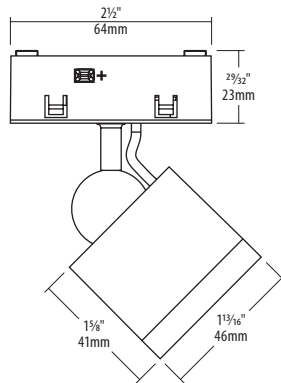

Color Temp.	15°		24°		36°	
	Lumens	Lm/W	Lumens	Lm/W	Lumens	Lm/W
2700 K	620	87	610	85	600	83
3000 K	660	91	640	89	630	88
3500 K	720	101	710	99	690	97

SPECIFICATION

Approved Location	Dry / Indoor
Application	Track
Beam Spread	15° / 24° / 36°
Certification	cETLus
Color Temp.	2700 K / 3000 K / 3500 K
CRI	90
Dimmable	Yes
Lumens	Up to 720
Lumens per Watt	Up to 101
Voltage	24V DC
Wattage	8 Watt
