

ORBIT MULTI

Easily convert a standard recessed octagon box to a fully adjustable LED downlight. With 360° rotation and 50° tilt, ORBIT MULTI lets you aim the beam exactly where you need it. Perfect for multi-unit residential retrofits, it is also Fire Rated when installed in a steel junction box.

¹ Refer to the spec sheet for more details. ² For surface mount applications in wet locations, add (clear) outdoor silicone caulking to seal the gap between the fixture body and the ceiling.
