

SHADE MINI CONCRETE

SHADE Mini Concrete is a compact, surface-mounted cylinder for use on concrete or exposed ceilings. It joins the SHADE Mini family as a shallow, performance cylinder available in two lumen outputs with mounting directly to 4" octagon boxes. Featuring four built-in knockouts for 1/2" flexible and rigid conduit entry and easy daisy chaining.

*Title 24 is only available for up to 4000 K.
