

A LINE | STRIP & WRAP

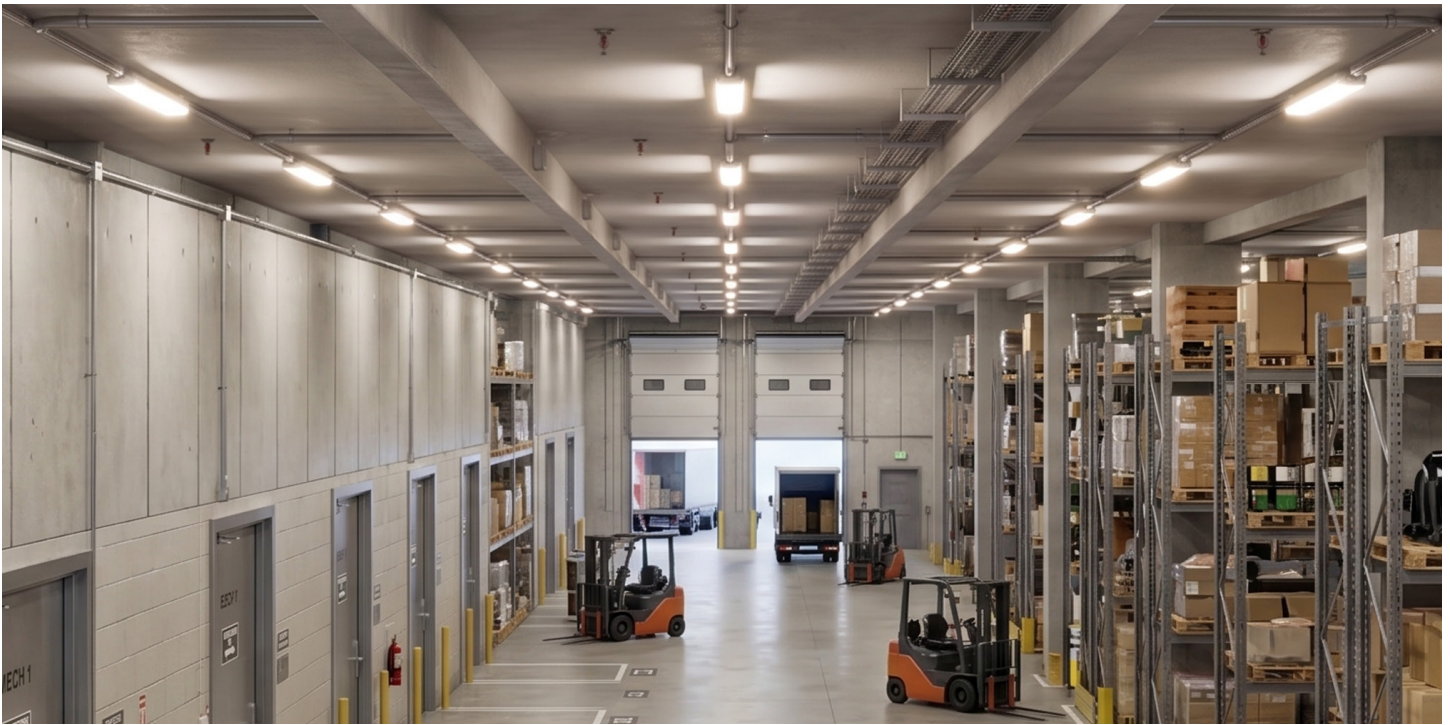

UTILITY LIGHTING, FULLY COVERED.

Liteline STRIP and WRAP bring reliable, high-efficiency illumination to the commercial spaces that demand the most from a fixture: stairwells, parking structures, warehouses, stockrooms, and utility corridors. Field-selectable wattage and color temperature simplify specification and reduce on-site SKU management, while 0-10V dimming and a multi-voltage driver make both fixtures compatible with the widest range of commercial control systems. Optional occupancy sensing and emergency backup meet the full scope of a commercial interior schedule.

*STRIP only.

*WRAP only.

STRIP

WRAP

DELIVERED

2': Up to 2900 lm
4': Up to 5600 lm
8': Up to 12000 lm

WATTAGE

2': 17W / 19W / 22W
4': 28W / 33W / 40W
8': 55W / 66W / 80W

VOLTAGE

120-347V

MOUNTING

Surface

Wall

Pendant

Continuous
Row Mount

COLOR TEMPERATURE

30 K 35 K 40 K

DELIVERED

4': Up to 5200 lm

WATTAGE

29W / 33W / 40W

VOLTAGE

120-347V

MOUNTING

Surface

Wall

Continuous
Row Mount

COLOR TEMPERATURE

30 K 35 K 40 K

FEATURES

FIELD-SELECTABLE WATTAGE + COLOUR TEMPERATURE

One fixture, multiple configurations. Reduces the number of SKUs required on a project.

0-10V DIMMING STANDARD

Compatible with standard commercial control systems. Works with whatever dimming infrastructure the project already calls for.

OPTIONAL OCCUPANCY SENSOR + EMERGENCY BACKUP

Both options available factory-installed. Simplifies ordering and ensures code compliance without third-party components.
